I History of the Establishment of the College—

His Highness the Maharaja's Sanskrit Colly. at Mysore was maintained out of Muzrai Funds, which became available for this purpose as well as for other Charitable Institutions in Mysore by the abolition several years ago in 1883, of various fee-farms yielding a revenue with specific grants, which

II Management of the Institution -

3. The Institution ~~is~~ was at first managed by a Committee consisting of the Palace Controller as the Ex-officio President and the Palace Dharmadhikarins as the members. Prof. in 1892 when the funds of the College were re-distributed as noted in para 1, Mr. A Govindaraja Iyer, who was then an Asst. Master

in the Central College,
was appointed Secretary
to the managing Committee
on a salary of Rs 80 per
mensem, the charge being)
met from the sum of
Rs 1000, provided for
under the head "Expenses" (viii)
in the Proceedings quoted
above.- But in 1893 he was
relieved of his duties as
Secretary of the College
Committee and was

explained in the statement,
is proposed to be permanently

2 hands are proposed to
be newly entertained —
one on Rs 15 as an additional
Sanskrit Pandit and the
other on Rs 20 as Dvita

the total increase per
annum proposed to be given
comes to Rs 100 a month,
which is recommended
to be effected as follows: —

Rs 20 — — — Savings effected by the abolition of the Post held by Kumaramadhani (Agastyavedha Bhashya Teacher)

11. It is said that at present there exists no provision for teaching any system of Vedanta in the College; that Advaita is taught at home by Dharmadhikari Sundaravastry; that arrangement has to be made to teach in the College the Calcutta course of Vedanta which refers to the Advaita System exclusively; and that therefore the appointment of another Teacher of Advaita Vedanta is absolutely necessary - owing to Dharma- - dhikari Sundara-Sastry's ill health and his consequent frequent absences. - This work is therefore proposed to be assigned to Pandit

Pandit Vidhusya Sree-
-ramta Sastry, to whom
an increase of Rs 10 is
proposed – His present pay
is Rs 15

12. A few of the students
of the College submitted
a petition to the address
of the Dewan stating that
they had been studying
Dvaita Vedanta under
Pandit Shamachar (one
of the Teachers of the College)
and requesting that a
separate Dvaita Vedanta
class might be established
The Dewan was pleased
to enquire on this point
and on an enquiry made
this office whether there
existed any arrangement
in the Sanskrit College to

to teach Drāvida Vēdānta,
the Committee have reported
that there is no provision
therefor at present and
have therefore recommended
the appointment of Pandit
Perianambi Ramachandrachar
on a salary of Rs 20 per
mensem to teach Drāvida. They
are further of opinion that
the said Ramachandrachar
is well versed in Drāvida Vēdānta
having studied the system
in all its branches —

13. The Committee have
proposed to make due
provision for teaching
Visishtadvaita also, which
work they recommend
to be assigned to Pandit
Rathnam Krishnā Ramgachar
in the College
whose present pay is Rs 20
and

and to whom an increase
of Rs 10 is proposed —

14. Thus, having provided for teaching the three Systems of Vedanta as noted above, the Committee recommend that an appointment of an additional Sanskrit Teacher on Rs 15 be created and given to Desai Narasimhachar (who they recommend as a competent man), because they think that the new Teacher will have to lecture Pandits Vibhagas Sree- - Kanta Sastry and Pandit Ratnam Kasturi Rangachar, proposed to be employed to teach

18. Next as regards the second point (b) about the grounding &c of the college Teachers :—

The Committee have recommended that the staff of the college may be graded and the same privileges with regard to Pension, Insurance, Leave allowances &c as have been applied to the Teachers of the Bangalore Sanskrit College

Committee's letter marked 2. Resolution VI

19. Thirdly as regards the changing of the quarterly Examinations into half yearly:- The Committee in their resolution of the 6th March 1902 were of opinion that it was difficult and inconvenient to hold Examinations every quarter and proposed that half yearly Examins might be held instead of quarterly. But in a subsequent letter they have expressed

20 Fourthly as regards the holding of the annual Vidyarthi Examinations Simultaneously in the Bangalore and the Mysore Sanskrit Colleges : —

The Committee of the Chamarajendra Sanskrit College, Bangalore submitted to this office a copy of their Resolution at a meeting held on 25th January 1903, that Simultaneous Examinations might be held for Vidyarthees in the Mysore and the Bangalore Sanskrit

us is that from the
former to the latter so
that there might be keen

requested Govt in the

asking the Committee
of the Mysore College, they
have replied that they
" do not think it advisable

further state that the

21 Fifthly and lastly, as
regards revision of Scholar-

The existing rates
of scholarships payable

to this scale, a scholarship

Deputy Secretary's remarks:

22. The proposals of the Committee in regard to the giving of increases to the Pandits and others on the Establishment of the College are described in paras 10-17 above. Recommendations are made by the Committee - in favour of certain individuals only, ~~which~~ others have been omitted and no reasons have been assigned for such omission. In an Institution of this Kind, where the pay is very low, as compared with the very high qualifications of the Pandits employed and where promotions

are rare, it seems
desirable to reward
all who have, ~~much~~ great merit,
whenever there is a chance
of improving their position.
If the present question
was simply to fill up
certain vacancies, which
had occurred, then
we ~~would~~ have only to fill
up those vacancies, by selecting the fittest persons for them. But
in the present instance,
there was only one vacancy *
and in proposing to do
away with that appointment
the Committee have taken
the opportunity of recom-
-mending only some of
the members of the establishment
for increases of pay.
Such action would
naturally be felt as a

* Kumaravadkam, Veda Bhashya teacher, (deceased).

grievance by the other members thereof who are equally learned and efficient. Some of the omissions are of a glaring nature, as for instance, Shamachar, Rama Krishna Sastri, Ramasastri Venkatramanachar and several others who have rendered long service and are men of very high attainments. Some of the men who received promotions some years back have been recommended for further promotions now, while others under similar circumstances have now been omitted With the view of removing all these inequalities, and

being satisfied upon personal enquiries that all the Pandits of the present Staff are men of high attainments and are all satisfactorily performing their duties, I beg to recommend a general increase of pay to all, giving an increase of Rs 2/- each, to those on Rs 10, and of Rs 5/- each to those on Rs 20. This sort of arrangement, which takes into consideration all the members of the Pandit Staff, and which provides for increases upon certain principles will, in my humble opinion, be understood and appreciated by the Pandits.

of Rs. 3 to those on Rs. 15,

There

Combe would consider the proposal of the Pandits very reasonable and very moderate. I should like to recommend that another very early opportunity be taken of bringing the matter to your notice with a view to the grades and pay of the Pandits being placed on a more liberal footing. I would recommend that the Pandits be granted an increase of Rs 8 per mensem and that the Head Pandit be granted an increase of Rs 15 per mensem. Sahib Lal Shapur is receiving Rs 250 per mensem. He is in charge of the Sanskrit Library and is also Head Pandit in the Government Oriental College. I would recommend that he be granted an increase of Rs 25 per mensem.

3.

This proposal Commends itself very strongly to me. The institution is doubtless in need of a general improvement of this kind - as far as funds permit a general increase of this kind is what appears to me to be most suitable on the present occasion. Even after this is done the scale of pay is undoubtedly low. A large sum of money viz 15 [illegible] is diverted annually in the shape of pay to Vaidics, Ramayanis, & [illegible]

23. There are, however, certain exceptions to the above mentioned rates of increases which are necessitated for reasons set forth below.

(1) Owing to the proposed appointment of a teacher for Dwaita Vedanta, it is proposed to have separate classes for Advaita Vedanta and Visishtadvaita also. This in the arrangement consequent thereupon, Panditaratnam Kasturi Rangachar and Vibhaga Srikanta Sastri, who, it is said, will be given additional work, are recommended each for an increase of pay to Rs 30 and Rs 25 respectively. Rs 10/- raising them

this may be approved.

(11) Shamachar, Tarka Pandit of very high attainments has been drawing only Rs 15 although his service commenced so far back as 1881. The Committee have not recommended him for any promotion. I think that in consideration of his qualifications, long service, and old age, he may be given an increase of Rs 10, raising his pay to Rs 25. × If the teaching of Dwaita Vedanta to be newly established, and in which also Shamachar is a proficient, were to be given to him, he would, like the two Pandits mentioned in the last preceding paragraph, be entitled to an increase of

Mrs may be sanctioned.

× In my opinion he quite deserves it and this may be sanctioned also

This division of work will be apply left to Pandit conjointly to Tarka which he is doing very fairly at present the other gentleman recommended for Dwaita Vedanta is said to be a proficient in it

of Rs 10. But as the teaching of this subject cannot be given to him for reasons which will be given later on in connection with Periakolam Ramachendra -char, I think, Shamachar should not suffer on that account, and that he may be given the increase of Rs 10 which I beg to recommend.

(iii) The next exception is that of Gopal Jois, Teacher of Astrology. The Committee have strongly recommended his pay being raised from Rs 12 to Rs 20, as his subject is a difficult one and he is highly proficient in it. I think this also may be sanctioned.

From 12 to 20 is rather a high jump especially when the claims of others are concerned. In this enlargement he may rise from 12 to 15. I understand he is comparatively short service -

The College clerk Gopalachar is recommended for an increase of Rs 10 from Rs 30 to Rs 40. Apart-

I would limit this to five rupees - considering the scarcity of this institution we cannot be over liberal towards the pay of servants

from being the clerk and
Librarian of the College,
he teaches several subjects
in Kanarese to Kavya classes,
and also exercises super-
vision over all the classes.
The increase proposed
may be sanctioned.

(iv) The need for a
teacher of Dwaita
Vedanta having been
much felt, the Committee
have recommended the
opening of a class therefor
with one Periakolam
Ramachendrachar as
its teacher on pay of Rs 20.
This Pandit is reported
to have high attainments
in Dwaita Vedanta,
and this appointment
may be sanctioned.

This may be sanctioned

Shamachar, Tarka Teacher,

has high attainments in Dwaita Vedanta also, and some of the Students pray that he may be asked to teach that Subject. But this arrangement cannot, I regret to say, be carried into effect, because Periakolam Ramachendra-char can teach only Dwaita Vedanta and cannot take Shamaraj's place in Sarka.

This division of work does not seem to be desirable. At the start one teacher must be employed. The necessities of the situation may be studied after some progress is made

24 The Committee have recommended the appointment of a new Teacher named Dasi Narasimhachar (who is already employed in the Oriental Library) on pay of Rs 15 to teach Sarka, so as to relieve Kasturi Rangachar and Vithaya Srikanta Sastri

while they take up Adwaita
and Visishtadwaita
Vedanta respectively.
I think this new appointment
is unnecessary as the Com-
mittee ought to be able
to make a redistribution among the large number of Pandits already in the College,
of work so as to avoid
a new appointment.
Most of the teachers are now
working for only 3 hours
a day, (7 to 10 A.M.) while
a few work for 4 hours.
It is found that 3 hours
teaching is not at all
sufficient in Sanskrit
Colleges, particularly in
the higher classes, and 4
hours' work imposed upon
a man who draws pay,
cannot be considered to be
too much. For these reasons,
and in view of the general
increase of pay now proposed
to be given, I think that all

all the teachers should be made to work for 4 hours a day, in which case there ought to be no difficulty for the Committee to re arrange the Time table so as to get all the work done by the existing hands.

This one suggestion may be adopted till at all events more funds become available to increase the resources for this purpose —

25. The Sama Veda teacher, Puttusamy Sroothi, having died, the Committee have recommended one Karagalada Subba Bhatta on the same pay of Rs 15. The man is said to be well qualified for the post and his appointment may be sanctioned.

I agree —

26 The extra cost involved in the proposals as recommended by the

Committee is Rs 100 per mensem, of which Rs 50 are already available as shewn in the margin and the balance of Rs 50 is proposed to be met by a reduction being made to that extent in the allotment of Rs 400 per mensem made for scholarships. This reduction is quite feasible as the expenditure on account of Scholarships has for several years past not exceeded Rs 312 per mensem. The effect of the recommendations respectfully made by me above is to increase the existing scale by Rs 118 which, though slightly higher than what is proposed by the Committee, has the advantage of giving an increase to all the

* Rs 20. u. u — pay of Veda Bhashya teacher Kumaravadhani, deceased, & the post proposed to be abolished.

* Rs 30. u. u — the allowance of 2 Fellowships which were abolished and the holders whereof will be merged in the regular Establishment.

Total Rs 50. u. u.

Rupees 118 is reduced to 108 only as the increase recommended to the shroffs & clerk are reduced by five rupees each. It would do to trench upon the Scholarship fund much. The proposal otherwise is well considered and may be sanctioned.

the hands and I g' better satisfaction b concerned. The excess Rs 68 over the amount available may, in my humble opinion, be taken from the Scholarship allotment and my proposal also kindly sanctioned.

× Rs will be Rs 58 as only as provided above

27 As regards the × recommendation that the staff of the College may be graded, I beg to say that the Committee's proposal is not clearly understood, ~~Nor~~ nor does it seem necessary to take any action in that direction. According to the proposals made above, there will be grades of men on Rs 30, Rs 25, Rs 20, Rs 18, Rs 15, and Rs 12, and it is not clear what

more

more is required.

28. The question of applying to the staff of the Mysore Sanskrit College, the rules as regards Pensions, Leave allowance, &c prescribed by the Mysore Service Regulations, as also the rules relating to Life Insurance appears to deserve the favorable Consideration of Government. In the case of the Bangalore Sanskrit* College, which is a smaller Institution than that at Mysore, these Concessions have been allowed under Govt. Pro: No. 537–41 / F.F. 219–93 dated 12th July 1894, the College

(Mark) (Maratha of Srirangam)

I quite feel that the Pay is still very low, for the reason already stated I cannot propose anything better till the 150 Rs referred to above becomes available. In the meantime the Principal of the College must be invited on to the Committee of the Oriental Library when both the duties will be done efficiently and economically.

will be submitted for
orders through the 2nd "
Councillor, who is in charge
of the "Pension" portfolio.

29 The next point is the
request of the Bangalore
Sanskrit College Committee
to arrange that the annual
Vidyarthi Examinations
(not Vidwat) may be
conducted with the same

Seh

The question now before this Dept is not one of Pension and there is no other formality required to give effect to the suggestion above made from the date 1883 when the College was originally started

set of question papers
are used for the Mysore
Sanskrit College. The
proposal is made with
the view of rousing emula-
tion among the students
and also ~~to~~ of seeing that
the Standard aimed
at in the Bangalore College
is the same as that in
Mysore. I am surprised
that the Mysore Sanskrit
College Committee are
not in favour of sending
their question papers
to Bangalore, but have
no objection to the
Bangalore Students
going there for Examination.
This last is however very
inconvenient as these
poor students cannot
afford the expenses

connected with journeys
to Mysore. I think
therefore that as both
Institutions are under
the management of Govt;
orders may be issued
providing for the arrangement.
of sending Question papers
as detailed above. This is commonly done in the case of English Schools

this ought to be done & there should be same ought to be held in both places.

30. The proposal made
by the Mysore College
Committee to the effect
that in the case of a few
Students who have passed
the 1st Part of the Vidwat
Examination and are
studying for the IInd
the rate of Scholarship
may be raised from Rs 4
to Rs 5 may be approved.
The number of such
Students is always very
small

Small, not more than
10 at anytime, and the
increase of Scholarship
involved is also insigni
-ficant.

Thus may be sanctioned.

31. There are some
other important questions
connected with this
College, as for instance
the revision of the curri
-culum of studies,
the framing of definite
Rules for regulating
the Vidwat Examinations,
which testify to the
very high proficiency
in various branches
of knowledge and
perhaps a revision
of the personnel of the
existing Committee.
These have to be taken
up Separately and
carefully considered

A committee has been sanctioned for this, and the question of study curriculum will be taken up shortly

While proposing the revision
of the scale of the Establish-
ment of His Highness the
Maharaja's Sanskrit College
at Mysore, the Committee of Mad-
college recommended to Govt
in March 1903 that the rules
as regards Pensions, Leave allowances
to be prescribed by the Mysore
Service Regulations, as also the
rules relating to Life Insurance
might be applied to the staff
of—

of the College. My humble opinion as regards the recommendation, and the Durbar-Sahib's remarks thereon, are contained in pages 42 to 44 of the Ag Dy Note in this File.

His Highness the Maharaja was graciously pleased to order on the said note that- the proposal being a matter for Council, it should be treated as a Council case- The Durbar-Sahib has thereupon directed that the matter be placed before Council in due course.

The entire file is accordingly forwarded in original to the Secretary to Government, General & Revenue Depts, for favour of being placed before Council.

The Comptroller under the orders of the Council was requested to favor Govt. with his opinion as to the financial effect of the above proposal. In reply he states as follows:—

"The College in question is not one of the Government Colleges or Schools but is purely a charitable religious School maintained from Muzrai funds & a grant-in-aid from the Educational Budget & wherein the religious subjects are

ought gratis. The number of students that may attend the college may vary from time to time & the teaching staff also may vary from time to time according to the requirements. The late Chief Commr of Mysore in deciding the general question as to the eligibility of the Muzrai officials for pension directed that as the duties & salary of the Muzrai officials ~~were~~ are of an uncertain character they could not be considered entitled to pension & Vide Chief Commrs Pro: No 161-3 dd 9th April 1875.

B

Further the number of teachers provided for the School is limited and their pay also is small and generally young men will not care to take up the appointments as they cannot look forward for promotion as in the case of teachers employed in Govt Colleges & Schools. Elderly persons who have

Some interest in religious Studies may take up the appointments. In their case it will be very hard to enforce the rules contained in the Mysore Service Regulations regarding (1) the limit of age for admission into Service (2) Physical fitness certificate (3) Retirement at a certain age & (4) Retirement on production of Medical Certificate &c.

Apart from the above the Institution is maintained from Muzrai Funds & Education Grant amounting to Rs 16222-15-11 and the whole amount is barely sufficient to meet the current expenses of the Insth & there is no separate fund in its favor

to meet the extra expenditure that may be incurred by giving the proposed pension and leave allowance to the staff of the School.

The School as constituted at present is to be regarded more or less as a grant in-aid School and the teachers in such School are not entitled to pension Vide article 237(2) of the Mysore Service Regulations.

Under the above circumstances the Comptroller is of opinion that the benefit of the Pension & leave rules cannot be extended to the Officials in question.

Muzrai Secretary's Remarks:-

The difficulties pointed out by the Comptroller, Mr. Basu, no doubt exist, in the present case, but considering that the desire of the Govt. is to keep up the two special institutions at Mysore and Bangalore at a high standard of excellence, it is a question whether the Rules of the Service Regulations as to the limit of age and of physical fitness on entering service may not be relaxed as a special case, in the case of the old Pandits in M. H, the Maharaja's Sanskrit College at Mysore, as it is often found necessary to get old men of great learning to teach the Higher Branches of the Shastras.

It would be sufficient if exemption is given on the two points named above-namely, the limit of age and physical fitness at the time of entering service in the College, and if the rule of retirement at the age of 55 is also relaxed to some extent in ~~these cases~~ Special individual cases.

The operation of the Pension and Insurance Rules need not be affected on this account.

The old order of the Chief Commissioner No. 161, dated 9th April 187? referred to by the -- Comptroller cannot I beg to submit, be held applicable to the case of the Sanskrit Colleges where the nature of the service performed is exactly similar to that rendered in Govt. Schools or other instututions. As regards the want of funds for paying pensions brought to notice by the Comptroller, I beg to state that when the College is declared a Govt. institution the cost of the pensions etc may be met from the State Funds. The cost of the Mysore Sanskrit College is met partly from the Education Budget and partly from the Muzrai Budget, the funds of both these being State Funds. Retrospective effect has been recommended in the matter of pensions with the view of the present Pandits who have served for a long time, deriving the benefits of any favourable orders that may be passed

Memorial dated 31st July 1903, addressed to H. H. the Maharaja by certain Pandits employed as teachers in the Sanskrit College, Mysore, praying for increases to the very low pay now given to them.

Order thereon No 2077-80 Dated Bangalore 20th January 1904.

Inwd F 25-93

The Committee for the management of H. H. the Maharaja's Sanskrit College, Mysore, have, in their communications cited above, proposed certain increases of pay to some of the Pandits

employed as teachers in that College . They have recommended the abolition of the post of the Veda Bashya teacher on ₹20/- per mensem, vacated by the death of its incumbent Kumaravadhani, and adding to the amount thus saved, a sum of ₹30 being the allowances for fellowships which were abolished some time back, and a sum of ₹50 from the provision of ₹400 made for scholarships to students which is not fully utilized , they have applied for sanction to the appointment of a Dwaita Vedanta teacher on ₹20 and an additional Tarka Teacher on ₹15 and small increases of pay to some of the existing teachers . The recommendtaions for increases of pay are, it is observed, made only in favour of a few , while some who have even better claims by right of seniority in service than those recommended, have been omitted, giving room to some dissatisfaction among the members of the staff. In an institution of this kind, where the pay is very low as compared with the high qualifications of the Pandits employed, and where promotions are rare , it seems desirable to reward all the deserving hands whenever there is a chance of improving their position. The Government of H. H. the Maharaja are therefore of opinion that it is desirable to give a general increase of pay on this occasion to all the members of the existing staff, who are all men of high attainments and have worked satisfactorily. With this view, the Government are pleased to sanction an increase of ₹2 per mensem to each of

the teachers on ₹10, of ₹3 to those on ₹15 , and of ₹5 to those on ₹20/.

2. As an exception to the above, in the case of Pandita Ratna Kasturi Rangachar, and Vibagha Sricantasastri who, it is said, will be given additional work in the future in consequence of the Visishtadwaita and Adwaitya Vedanta classes to be newly opened, an increase of ₹10 per mensem is sanctioned, raising their pay to ₹30 and 25 respectively. A similar increase of ₹10 is sanctioned on behalf of Namagondlu Shamachar, owing to his long service dating from 1881 and high attainments. The pay of ₹24 disbursed from the Sanskrit College to Dharmadhikaries Pandita Ratna Seshachar , Chakravarti Iyengar, and Kutti Narasimhasastri will be raised to ₹25 each per mensem.

3. The Committee have receommended an increase of ₹8 per mensem to Karur Gopal Jois, teacher of Jyotisha in the College , raising his pay from ₹12 to ₹20, on the ground that he has high attainments in his branch of knowledge. Considering however the insufficiency of this available funds and the fact that Gopal Jois is a teacher of short service, Government have reduced the increase to ₹3 per mensem fixing his pay at ₹15. The increase of ₹10 proposed to clerk Gopalachar is reduced to ₹5 and his pay fixed at ₹35 per mensem.

4. The need for a teacher in Dwaita Vedanta having been much felt, the Committee have recommended the opening of a class therefor with one Periakolam Ramachendrachar as its teacher on pay Rs 20 per mensem. This Pandit is reported to have high attainments in Dwaita Vedanta, and his appointment on the pay recommended is accordingly sanctioned.

5. The appointment recommended by the Committee, of a new teacher (Dusi Narasimhachar) on pay Rs 15 to teach Tarka so as to relieve Vidwan Sricanta Sastri and Pandit Ratna Kasturi Rangachar while they take up Adwaita and Visishtadwaita Vedantas respectively, is considered by Government to be unnecessary, as the Committee ought to be able to make a re-distribution of work among the large number of Pandits already in the College so as to avoid a new appointment. Most of the teachers are now working for only 3 hours a day (7 to 10 A.M.) while a few work for 4 hours. Teaching for only 3 hours is not sufficient in Sanskrit Colleges, particularly in the higher classes, and 4 hours' work cannot be considered too much. For these reasons, and in view of the general increase of pay now sanctioned, all the teachers should be made to work for 4 hours a day from 7 to 11 A.M., and the Time-table re-arranged so as to get all the work done by the existing hands. This arrangement should be adopted until at all events more funds become available. The appointment al -

already made ~~be~~ by the Committee, of Karagalada Subba Bhatta as Sama Veda teacher on ₹15 per mensem in the place of Puttasami Srouti (deceased) is sanctioned with effect from the date on which he took up the duties of the post.

6. The sanctions accorded above will have effect from 1st November 1903, except in the case of the new appointments of Periakolam Ramachendrachar and Karagalada Subba Bhatta, whose pays will be disbursed from the date of their entertainment.

7. According to the sanctions given in the foregoing paragraphs, the teaching staff of H. H. the Maharaja's Sanskrit College, Mysore will consist of grades of men on ₹35, 30, 25, 20, 18, 15 and 12 for the present, as per statement appended to these Proceedings. The additional cost of ₹111 per mensem will be met as follows:-

i) Pay of Veda Bashya teachers' appointment abolished - - - - - - - - - ₹20

ii) Allowance for 2 fellowships abolished ₹30

iii) Made available from the provisions of Rs. 400 for scholarships - - - - - ₹61

₹ 111

The provisions for scholarships will be reduced to ₹339 per mensem in future.

8. The question of applying ~~for~~ to the staff of H. H

the Maharaja's Sanskrit College, the rules as regards Pensions, Leave allowances &c prescribed by the Mysore Service Regulations, as also the rules relating to Life Insurance will receive separate consideration.

9. The Committee of the Chamarajendra Sanskrit College, Bangalore, request that arrangements may be made to conduct the annual Vidyarthi Examinations in that College with the same set of question papers that are used for H. H. the Maharaja's Sanskrit College, Mysore. This proposal is made with the view of rousing emulation among the students and also of seeing that the standard aimed at in the Bangalore College is the same as that in Mysore. Both the institutions being under the direct management of Government in the Muzrai Department, the Government of H.H. the Maharaja are pleased to direct that the Vidyarthi Examinations should be held simultaneously both in Mysore and Bangalore, and the President of H.H. the Maharaja's Sanskrit College Committee is requested to arrange to send the set for that College question papers to the President of the Chamarajendra Sanskrit College Committee, Bangalore.

10. The proposal made by the Mysore College Committee to the effect that in the case of students who have passed the 1st part of the Vidwat Examination and are studying for the 2nd, the rate of scholarships may be raised from ₹4 to ₹5 per mensem, is sanctioned.

COMPTROLLER, MYSORE GOVERNMENT.

To

SECRETARY TO THE GOVERNMENT OF MYSORE,

MUZRAI DEPARTMENT.

SIR,

With reference to your letter No. 5160 dated the 4th May 1906, asking for my opinion as to the financial effect of the proposal made by the Committee of the Mysore Sanskrit College regarding pension leave allowances of the teachers, I have the honour to state that the College in question is not one of the Government Colleges or schools, but is purely a charitable religious school maintained from Muzrai funds and a grant-in-aid from the Educational Budget and wherein the religious subjects are taught gratis. The number of students that may attend the College may vary from time to time, and the teaching staff also may vary from time to time according to the requirements. The late Chief Commissioner of Mysore in deciding the general question as to the eligibility of the Muzrai officials for pension directed that as the duties and salary of the Muzrai officials more frequently of an uncertain character they could not be considered entitled to pension vide Chief Commissioner's Proceedings No. 161-3 dated the 9th April 1875 .

2. The number of teachers provided for the school is limited and their pay also is small, and generally young men will not care to take up the appointments as they cannot look forward for promotion as in the case of teachers employed in Government Colleges and schools. Elderly persons who have some interest in religious studies may take up the appointments. In their case it will be very hard to enforce the rules contained in the Mysore Service Regulations regarding (1) the limit of age for admission into service, (2) Physical fitness certificate, (3) Re-

Retirement at a certain age (4) Retirement on production of Medical certificate &ca.

3. Apart from the above, the institution is maintained from Muzrai Funds and Educational grant, amounting to Rs. 16,222-15-11 and the whole amount is barely sufficient to meet the current expenses of the Institution, and there is no separate fund in its favour to meet the extra expenditure that may be incurred by giving the proposed pension and leave allowance to the staff of the school.

4. The school as constituted at present is to be regarded more or less as a grant-in-aid school, and the teachers in such school are not entitled to pension, vide article 237(2) of the Mysore Service Regulations.

In these circumstances, I am of opinion that the benefit of the Pension and leave rules cannot be extended to the officials in question.

I have the honour to be,

Sir,

Your most obedient servant,

Present

V N. Narasimmiengar, Esq
Mr A Mahadevasastri.
Dharmadhikari Kutti Sastri
Chakravarti Aiyangar

I Resolved that Karagalada Subbabhatta, who has passed the Vidval Examination in Sama-Veda, be appointed Sama-Veda teacher on Rs 15/- per mensem Vice Srauti deceased. The decease drawing Rs 15/- a month and to plague on 5th November, applicants have come forwa

(1) Subbabhat, and (2) Subramhanya Srauti. They have both passed the required test, but the former has the advantage of a better character and co related to the deceased. The Committee accordingly prefer him to fill the vacancy.

II Read letter No. 1090 dated. 17th November 1902, from the Officeating Deputy Commissioner, Mysore District forwarding — correspondence to bring to notice the suspicious conduct of Pattasami Pandit, Vaidya teacher of the College, in the interpolation of spurious answer papers in the Public examination of the students of the — Indigenous Hospital at Mysore.

Resolved that the Consideration of the subject be adjourned to next meeting for the further examination of the parties Concerned.

III The Plague being still virulent in the parts adjoining the College premises, the Committee resolve that the College which is to be reopened on the 2nd proximo, be kept closed for a fortnight more, i.e., till the 17th proximo.

Sir,

Adverting to para 1 of your letter No 1308 Mung 7 25-92 dated 15th December 1902, I have the honour to state that a separate submission of detailed proposals concerning the formation of the Vedanta classes in pursuance of the Committees resolutions IV and V dated 22nd October 1902, was postponed till after the reopening of the College when it would be possible to know the exact requirements. It is understood that the Committee's resolutions on such matters embody only the general sense of the Committee and are submitted to Government only for record, while it is expected

that Government will pass orders only on the President's detailed proposals submitted after a careful consideration of the present requirements. As to the other matters forming the subject of Committee's resolutions dated 22nd October 1902, the orders of Government were received by the time separate communications on those subjects were drafted in this office.

2. With reference to para 2 of your letter no 1308 Mang & 25-02 dated 15th December 1902, enquiring why Karagalada Subba-bhatta, whose appointment on Rs 15/- in the room of — Puttanna Sraute has been proposed in the Committee's — resolution no 7 dated 28th ultimo, should be given Rs 15/- to start with, while there are others teachers drawing a less salary, I have the honour to state that the salary has been proposed in consideration of the fact that the Sama-Veda teacher, unlike the Rig-Veda and yajur-Veda teachers, has to teach all the Sama-Veda classes without the aid of a second teacher and has therefore to work more than three hours a day to get through the work. Moreover duly qualified teachers of the Sama-Veda are rare, Subba-bhatta being the only man available possessing the necessary qualifications. The Committee are further of opinion that a teacher who has to prepare students for the Vedvat examination should be paid a salary of not less than Rs 15/- per month.

I Resolved that the post of the Vedabhâshya teacher, now vacant owing to the death of Kumâvi âvadhâni, be abolished. Taking into Consideration the present attendance of the College and the distribution of teaching among the staff, the Committee opine that it is unnecessary to fill up the vacancy ~~caused by the death of Kunâvi âvadhâni~~; and ~~that~~ in view of the absence of promotion the other teachers for a number of years a

of their hard work, the Committee resolve that the pay of the post, Viz Rs 20, be distributed among them as follows

Name of teacher	Designation	Present pay Rs	Increase proposed Rs	
Krishnâvadhâne	2nd Reg Veda teacher	10	3	✗
Narasimhaghanapâthe	1st Yajur Veda teacher	15	2	✗
Mahâdevâvadhâne	2nd — do	10	3	✗
Ayyâghanapâthe	Vedârtha & Prayoga teacher	12	3	✗
Kumara Narasimhavadhane	Kâvya teacher	10	3	✗
Kesavasâstri	— do —	10	3	✗
Srinivâsacyengâr	2nd Vernacular assistant-master	12	3	✓
		Total Rs	20	

II. Resolved that the staff of the Maharaja's Sanskrit College be graded and Government ~~may~~ be moved to be pleased to extend to the teachers and servants of the College the same privileges with regard to pension, insurance leave, allowances &c as have been applied to the servants of the Bangalore Sanskrit College The Institution being managed by Government the Committee believe that their status and services are in no way inferior to those of the Bangalore College

III Resolved that from the 30 Rs saved by the abolition of the two fellowships of Rs 15 each, an increase of Rs 2 be given to

Jatachar, Sahitya teacher, on account of his high learning, character, approved and continuous meritorious work, and an increase of Rs 10 be given to Gopalachar, the College clerk and first Vernacular assistant master, on whom devolve in season and out of season much of the details connected with the supervision and management of the College

IV. Resolved that, the pay of the Jyotisha teacher, Karur Gopala Jois, be increased from Rs 12 to Rs 20, the extra amount of Rs 8 being met from the saving of 30 Rs caused by the abolition of the two fellowships, and that he be deputed to the Madras observatory for a period of six months, in order to learn the use of modern astronomical instruments, &c, and bring his knowledge of the science up to date and in accord with modren Astronomy. The Committee are convinced that this measure is indispensable in order to ensure exactness and scientific precision in the instruction imparted in this Branch of the College, and to remove the stigma usually attached to the calculations of astrologers and joisers. The attainments of Pandit K Gopalachar in the science are of a higher order and his perfect knowledge of higher mathematics enables him to give complete satisfaction, and entitles him to the proposed increase

V Resolved that, with reference to Government Proceedings 4° Camp (a) and (b) dated 3rd Jan 1901 the amount of 5. Rs required to make up

the pay of A Narasimhasastri to Rs 15/- as proposed in the resolution I of the Committee's Proceedings dated 10th December 1900, be met — from the savings of Rs 30, obtained by the — abolition of the fellowships

VI In view of the difficulty and inconvenience Caused by the frequent holding of examinations every quarter and revising the scholarships of students in accordance here with, the Committee resolve to recommend that the scholarships be revised according to the results of half-yearly examinations, as was the practice in previous years, and that scholarships for the present quarter beginning with January 1902, — which is coming to a close, be paid to students according to the rates just sanctioned by Government for the last quarter beginning with October 1901

VII Read Deputy Secretary's letter No 1166 dated 5th February 1902, asking whether arrangements can be made for holding Vidyâ at the examinations at Mysore and Bangalore — Simultaneously

Resolved that the Committee do not think it advisable or expedient to hold simultaneous examinations both at Bangalore and Mysore The Maharaja's College at Mysore being more the centre of Sanskrit-teaching and examination, and the facilities of communication between the two cities being so great, the proposal does

not commend itself to the Committee as necessary.

VIII. In reply to the Deputy Secretary's letter No. 1193 dated 7th February 1902, about arrangements for the Secretary's work during his absence on leave, the Committee resolve that during the absence of the Secretary on leave, his work be carried on by the Dharmâdhikâres Kutti Narasemhasâstri and Sundarasastri Mr. Mahadevasastri has applied for an extension, as intimated in his enclosed note to the President

IX. Read petition of Mr. M. K. Tirumalâchâr and others praying that they may be allowed the use of a room in the College premises to prosecute religious studies.

Resolved that, a convenient room be allotted accordingly without prejudice to the College work ~~accordingly~~

Sir,

Adverting to the resolutions IV and V of the Managing Committee of H H the Maharaja's Sanskrit College dated 22 October 02, and to para 4 of the Proceedings of Government No 976-7-Muz 7 25 92 dated 10th November 1902, I have the honour to submit herewith detailed proposals regarding arrangements for the teaching of Vedanta in the College

(2) At present no provision exists for teaching any system of Vedanta in the College except that Advaita is taught at-home by Dharmadhikari Sundarasastri who was originally appointed for this special work. As per Committee's resolution quoted above,

arrangement has also to be made to teach in the College the Calcutta course of Vedanta, which refers to the Advaita System exclusively as shown the margin[x]. It being too much for one teacher to teach both Vidvat Vedanta course of the Mysore College and the Cal Vedanta Course, it is desir to have another teacher of Advaita Vedanta, so that each part of the work may be performed by one whole-time teacher. This appointment is now absolutely necessary owing to Dharmadhikari Sundarâsâstriar's ill health and his consequent frequent absences.

[x]
1) Chhândogya-Upanishad, Adhyâyas V – VIII with Sankarâchârya's Commentary
2) Brihadâranyaka-Upanishad, with – do – –
3) Vedânta Sûtras with Sankarâchârya's Commentary and Vâchaspati's Bhâmati.
4) Appayadîkshita's Siddhânta-lesa-Sangraha.
5) Advaita-Siddhi (a part).

3). In due consideration of the present wants and of the teaching power available at present in the College, the Committee recommend the appointment of Periakolam Râmachandrâchâr as teacher of Dvaita Vedanta on Rs 20/- per month and of Pandit Dâsi Narasimhâchâr as additional teacher of Tarka on Rs 15/- per month.

Pandit Râmachandrâchâr is well versed in Dvaita Vedanta He has studied the system in all its branches, and as he has passed all the tests prescribed by the Madhvasiddhantonmahini Sabha, he has been appointed as Dharmadhikari or one of the chief examiners in connection with that Sabha. As an examiner also in the late Vidvat examination of the Maharaja's Sanskrit College he has evinced ripe scholarship in Vedanta. His age is about 45 years.

Dasi Narasimhâchâr is an alumnus of the Maharâja's College and has passed creditably the Tarka Vidvat examination in the year 1896, and has besides almost completed the prescribed course in the Nyâya-sûtras and Mimâmsâ of the College. He possesses also a fair

knowledge of Visishtādvaita-Vedânta and of Sanskrit Literature

4 The appointment of an additional teacher of Tarka is intended to partially relieve Pandit Vibhâga Srikantha Sâstri and Pandit Ratnam K Rangachar as Tarka teachers, so that they may find time to teach the Advaitam and Visishtadvaitam, respectively In consideration of this important work now entrusted to them, as also of the fact that they will have to teach advanced course in more than one branch it is recommended that the salary of each be increased by Rs 10/-, provided they are prepared to teach Vedânta in the College premises like the Dvaita teacher

5 This substantial increase of Rs 55 per month may be made up as follows

1) The amount available out of the saving effected by the abolition of two fellowships after giving increases to teachers etc, as per Committee's resolution Nos III, IV and V dated 6th March 1902	Rs 5
2) The reduction of the allotment for scholarships from Rs 400 to Rs 350 per month	Rs 50
Total Rs	55

Sir,

In accordance with para 2 of your docket No. 2109/25-92 dated 27th June 1902, I beg to submit again the Resolution I of the Managing Committee dated 31st May 1902, proposing that if a student after passing one branch of the Vedant examination in a subject continues his studies for the second branch of the same subject, he should be awarded, as in former years, the higher rate of monthly scholarship of Rs 5/-, instead of Rs 4/- under the existing rules, and to state that the increased rate has been recommended both as a reward of merit and as an incentive to further progress.

In adopting Resolution II of the proceedings of the 22nd

date proposing that the students of the Kavya Class who are natives of places outside Mysore, whether or not they study Kanarese, Arithmetic, and such other general subjects, should be awarded a monthly stipend of one Rupee each, the Committee has considered it necessary to help deserving students of this description to eke out their means to meet the ordinary contingencies of a student's life, such as the purchase of books, barber's wages &c, until such time as he is able to earn a higher rate (Rs ½ or Rs 2) by making sufficient progress in Kanarese as well as in Sanskrit Studies.

Memorial, dated 31st July 1903, addressed to His Highness the Maharja by certain Pandits employed as teachers in the Sanskrit College, Mysore, praying for increases to the very low pay now given to them.

No. 2077-80—Muz. F. 25-92, DATED BANGALORE, 20TH JANUARY 1904.

ORDER THEREON.—The Committee for the Management of His Highness the Maharaja's Sanskrit College, Mysore, have, in their communications cited above, proposed certain increases of pay to some of the Pandits employed as teachers in that College. They have recommended the abolition of the post of the Veda Bhashya teacher on Rs. 20 per mensem vacated by the death of its incumbent Kumaravadhani and adding to the amount thus saved, a sum of Rs. 30 being the allowances for fellowships which were abolished some time back, and a sum of Rs. 50 from the provision of Rs. 400 made for scholarships to students, which is not fully utilized, they have applied for sanction to the appointment of a Dwaita Vedanta teacher on Rs. 20 and an additional Tarka teacher on Rs. 15 and small increases of pay to some of the existing teachers. The recommendations for increases of pay are, it is observed, made only in favor of a few, while some who have even better claims by right of seniority in service than those recommended, have been omitted, giving room to some dissatisfaction among the members of the staff. In an institution of this kind, where the pay is very low as compared with the high qualifications of the Pandits employed, and where promotions are rare, it seems desirable to reward all the deserving hands whenever there is a chance of improving their position. The Government of His Highness the Maharaja are therefore of opinion that it is desirable to give a general increase of pay on this occasion to all the members of the existing staff, who are all men of high attainments and have worked satisfactorily. With this view, the Government are pleased to sanction an increase of Rs. 2 per mensem to each of the teachers on Rs. 10, of Rs. 3 to those on Rs. 15, and of Rs. 5 to those on Rs. 20.

2. As an exception to the above, in the case of Pandita Ratna Kasturi Rangachar and Vibhaga Srikantasastri who, it is said, will be given additional work in the future in consequence of the Visishtadwaita and Adwaita Vedanta classes to be newly opened, an increase of Rs. 10 per mensem is sanctioned, raising their pay to Rs. 30 and 25 respectively. A similar increase of Rs. 10 is sanctioned on behalf of Namagondlu Shamachar, owing to his long service, dating from 1881 and his high attainments. The pay of Rs. 24 disbursed from the Sanskrit College to Dharmadhikaries Pandita Ratna Seshachar, Chakravarti Iyengar and Kutti Narasimhasastri will be raised to Rs. 25 each per mensem.

3. The Committee have recommended an increase of Rs. 8 per mensem to Karur Gopal Jois, teacher of Jyotisha in the College, raising his pay from Rs. 12 to Rs. 20, on the ground that he has high attainments in his branch of knowledge. Considering however the insufficiency of the available funds and the fact that Gopal Jois is a teacher of short service, Government have reduced the increase to Rs. 3 per mensem fixing his pay at Rs. 15. The increase of Rs. 10 proposed to clerk Gopalachar is reduced to Rs. 5 and his pay fixed at Rs. 35 per mensem.

4. The need for a teacher in Dwaita Vedanta having been much felt, the Committee have recommended the opening of a class therefor with one Periakolam Ramachendrachar as its teacher on pay Rs. 20 per mensem. This Pandit is reported to have high attainments in Dwaita Vedanta, and his appointment on the pay recommended is accordingly sanctioned.

5. The appointment recommended by the Committee, of a new teacher (Dusi Narasimhachar) on pay Rs. 15 to teach Tarka so as to relieve Vibhaga Srikantasastri and Pandita Ratna Kasturi Rangachar, while they take up Adwaita and Vasishtadwaita Vedantas respectively, is considered by Government to be unnecessary, as the Committee ought to be able to make a re-distribution of work among the large number of Pandits already in the College so as to avoid a new appointment. Most of the teachers are now working for only 3 hours a day (7 to 10 A. M.) while a few work for 4 hours. Teaching for only 3 hours is not sufficient in Sanskrit Colleges, particularly in the higher classes and 4 hours' work cannot be considered too much. For these reasons and in view of the general increase of pay now sanctioned, all the teachers should be made to work for 4 hours a day from 7 to 11 A. M., and the Time-table re-arranged, so as to get all the work done by the existing hands. This arrangement should be adopted until, at all events, more funds become available. The appointment already made by the Committee, of Karagalada Subba Bhatta as Sama Veda teacher on Rs. 15 per mensem in the place of Puttasami Srouti (deceased) is sanctioned with effect from the date on which he took up the duties of the post.

6. The sanctions accorded above will have effect from the 1st November 1903, except in the case of the new appointments of Periakolam Ramachendrachar and Karagalada Subba Bhatta, whose pay will be disbursed from the date of their entertainment.

7. According to the sanctions given in the foregoing paragraphs, the teaching staff of His Highness the Maharaja's Sanskrit College, Mysore, will consist of grades of men on Rs. 35, 30, 25, 20, 18, 15, and 12 for the present, as per statement appended to these Proceedings. The additional cost of Rs. 111 per mensem will be met as follows:—

	Rs.
(i) Pay of Veda Bhashya teacher's appointment abolished	20
(ii) Allowance for 2 fellowships abolished	30
(iii) Made available from the provision of Rs. 400 for scholarships	61
Total	111

The provision for scholarships will be reduced to Rs. 339 per mensem in future.

8. The question of applying to the staff of His Highness the Maharaja's Sanskrit College, the rules as regards Pensions, Leave allowances etc., prescribed by the Mysore Service Regulations, as also the rules relating to Life Insurance, will receive separate consideration.

Muzrai, dated 20th January 1904.

9. The Committee of the Chamarajendra Sanskrit College, Bangalore, request that arrangements may be made to conduct the annual Vidyarthi Examinations in that College with the same set of question papers that are used for His Highness the Maharaja's Sanskrit College, Mysore. This proposal is made with the view of rousing emulation among the students and also of seeing that the standard aimed at in the Bangalore College is the same as that in Mysore. Both the institutions being under the direct management of Government in the Muzrai Department, the Government of His Highness the Maharaja are pleased to direct that the Vidyarthi Examinations should be held simultaneously both in Mysore and Bangalore, and the President of His Highness the Maharaja's Sanskrit College Committee is requested to arrange to send the question papers set for that College to the President of the Chamarajendra Sanskrit College Committee, Bangalore.

10. The proposal made by the Mysore College Committee to the effect that in the case of students, who have passed the 1st part of the Vidwat Examination and are studying for the 2nd, the rate of scholarship may be raised from Rs. 4 to Rs. 5 per mensem, is sanctioned.

L. ANANTASAMI RAO,
Dy. Secy., Muzrai Dept.

To—The President, His Highness the Maharaja's Sanskrit College Committee, Mysore.
The Comptroller to the Government of His Highness the Maharaja of Mysore.
The President, Chamarajendra Sanskrit College Committee, Bangalore.
The Inspector General of Education in Mysore, for information.
